

ONBOARD & PAY 500 ICs IN 5 DAYS

ONLY WITH

Our IC onboarding and settlement processing platform is the fastest, easiest way to enroll 5 or 500 independent contractors in a matter of days—not weeks or months. We offer standardized enrollment options that take the guesswork out of building complicated workflows. And best of all, we partner with best-in-class verification partners to qualify your IC workforce in real time.

Invite 500 ICs in 5 seconds

With our bulk text solution, we'll instantly send an invitation to onboard out to your entire IC workforce via text message with a unique tracking link so you can see exactly which ICs started their enrollment and who didn't.

TUE

Nudge ICs to finish onboarding

Our enthusiastic customer support team will monitor the progress of your IC enrollments on an hourly basis and will nudge those ICs who seemed to have stalled to finish up their onboarding via a follow-up text and phone call.

Qualify ICs to work in real time

Get notified the moment an IC finishes an enrollment so you can review their required documents. Once you approve an IC to become contracted within Openforce, you can feel confident dispatching them to work knowing they are fully qualified.

Simple and flexible funding options

Once you close and reconcile your weekly dispatch and manifests, you'll have the option to wire us funds to pay your IC workforce or simply charge it to a credit card through our partnership with American Express.

Cha-ching! ICs get paid on time, every time

Yahoo! IC settlements are a cinch with your dedicated Openforce client care specialist. Your funded ICs will wake up to money in their bank account or on an exclusive Visa debit card without fail. We'll even manage state and government required deductions, so you don't have to worry about it.

FRI

Independent contractor management. Simplified.
